Volunteer of the month

Sherry Ward

"Veterans don't get enough credit." That is what our volunteer of the month responded with when asked what inspired her. With a WWII B-26 pilot as a cousin and the family hero, It is not hard to see where Sherry found her inspiration. After 20 years of driving for meals on wheels, Sherry wanted to see where else she could help. Today you can find Sherry behind our register with a bright smile ready to help our shoppers. If you get time, drop by our thrifty store and give Sherry a great big THANK YOU for all she does for the Walking Down Ranch.

Happy Birthday!

A very Happy Birthday to our White Mountain November born Veterans!

(Do you want to wish a Veteran a Happy Birthday? just let me know!)

This month in American history:

Every month we like to share the anniversaries of our military, here are just a few...

November 02 1775 – American Revolution: Americans under General Richard Montgomery capture the British fort of Saint Johns

November 14, 1891- Gov. Nathan O. Murphy made his annual report to Washington in which he recommended that all Indian reservations — with the possible exception of the Navajo lands — be turned over to white men for sale and settlement.

November 9, 1914 - World War I: HMAS Sydney defeats SMS Emden at the Battle of Cocos. The Battle of Cocos was a single-ship action that occurred on 9 November 1914, after the Australian light cruiser HMAS Sydney, under the command of John Glossop, responded to an attack on a communications station at Direction Island by the German light cruiser SMS Emden, commanded by Karl von Müller.

November 11th 1918 :

At five in the morning on November 11, 1918, the German delegation met Allied Commander Ferdinand Foch, and signed the Armistice in his railway car, parked in the French forest of Compiègne. The Armistice, which took effect six hours later, called for a cessation of hostilities, Germany's immediate withdrawal from invaded countries, the surrender of their arms, the repatriation of all Allied prisoners of war, and the creation of a neutral zone in the Rhineland.
